

Go Beyond NY State Award Terms and Conditions

- You must be a resident of one of the four designated counties and enter Pitt-Bradford no earlier than fall 2016. Those who begin their studies in summer Sessions are not eligible for this award.
 - You must be first-time, full-time enrollee only (freshman or transfer) or post-baccalaureate student who earned your first degree at Pitt-Bradford or elsewhere. The award is not available to current students, readmitted students, or those who attended Pitt-Bradford previously except for those post-baccalaureate students.
 - This award is good for a maximum of four years of full-time study, or eight fall and spring terms. It does not apply for part-time study or summer session study. This award applies at Pitt-Bradford only, and cannot be transferred to any other campus of the University of Pittsburgh.
 - In order to retain the award from one year to the next, you must have a cumulative grade point average of at least 2.25 at the end of each spring term.
 - If you are not eligible to retain the award based upon your spring term GPA, you may have it reinstated one year later if you attain the 2.25 cumulative GPA by the end of the following spring term. The award is not reinstated in mid-year.
 - You have the opportunity to make up a cumulative GPA deficiency through summer session study at Pitt-Bradford, but standard Out-of-State tuition rates apply for all summer session study. It is the responsibility of the student to inform the Financial Aid Office if eligibility is regained as a result of summer session study. Once informed, the Financial Aid Office will verify this information before reinstating the award.
 - This award reduces Out-of-State tuition to Pennsylvania tuition for those paying standard (non-nursing) tuition only. For students enrolled in nursing programs where higher tuition rates apply, the reduction in tuition will be the same dollar amount as it is for those enrolled in all other academic programs, with the result that students in nursing will pay higher tuition, although less than standard Out of State rates.
 - For students enrolled in the B.S. in Radiological Science program, this award applies only when the student is paying full-time Pitt-Bradford tuition. It does not apply during the two years of study at the School of Radiography at Bradford Regional Medical Center, where lower tuition rates that are paid directly to BRMC already apply.
 - This award cannot be combined with other Pitt-Bradford awards such as Panther Scholarships. Also, for those students receiving University of Pittsburgh dependent awards, UPMC dependent awards, VA benefits, KOA scholarships, or US Army ROTC scholarships, special conditions apply. Please check with the Financial Aid Office for specific details.
 - This award is not refundable, and may be reduced based upon other awards you may be receiving. Also, it will apply to institutionally billed charges only.
 - This award is set at the time of first enrollment and will not be updated after your first term of enrollment begins.

- Students receiving this award and who wish to study abroad may use a maximum of \$2,000 of the award towards one study abroad experience only. This is consistent with the policy applying to students receiving other awards (i.e., Panther Scholarships) at Pitt-Bradford.
- Pitt-Bradford reserves the right to modify this award, or its terms and conditions, at any time.
