Educational Policies Committee
Minutes of December 11, 2014

Excused: S. Hardin

********************************************************************************
1. Approval of minutes: D. Dombek made a motion to approve as written; Seconded by G. Tessmer. Approved by all

********************************************************************************
2. Old Business: none

********************************************************************************
3. New Business

• Global Competency Status: ART 0105 - World Art Survey I
• Global Competency Status: ART 0106 – World Art Survey II

motion to approve __X__ or table _____ made by M. Frank; seconded by G. Tessmer Approved by all

• Curriculum Change: Elimination of PSY 0206 from the ASN curricula

The ASN curriculum plan currently consists of 68 credits of coursework. In a review of the ASN programs in PA, we are one of two that require Abnormal Psych for the ASN degree. The removal of the PSY 0206 requirement would reduce the number of required hours without compromising the curricular content required by the State Board of Nursing and the Accreditation Commission for Education in Nursing.

Motion to approve __X__ or table _____ made by M. Drignei; seconded by M. Frank

********************************************************************************

Matters Arising: none

********************************************************************************

Respectfully submitted,
Tammy Haley
EPC Secretary
