The first fraternity, Phi Beta Kappa, founded in 1776 at the College of William & Mary

- They set the standard by adopting GRΣΣK letters, a motto, a crest, secret initiation, a handshake, etc.

The first sorority was Adelphean Society (now named Alpha Delta Pi), founded in 1851 at Wesleyan College in Georgia

- Sororities came later since women weren’t allowed in college originally
- The term sorority was not originally used, so some early sororities use the term “Women’s Fraternity”

The first fraternity house was Chi Psi at the U. of Michigan in 1845

- Greeks went international in 1867 when Chi Phi opened a chapter in Scotland.
  - Today Greeks are found in Canada, German, England & Africa

They were founded as social Greek organizations, promoting social development and preparing members for their lives after graduation

- Not just a social event
What separates fraternities & sororities from all other student groups

Initiation is the time when new members go through various rituals within an organization

All members have gone through the same ritual since their founding – it’s what binds all your members

Members swear an oath to live up to their values for life

DROPPING OUT OF THE NMO PROCESS

If a new member drops out of the process they need to contact Dr. Binder within 24 hours for an exit interview.
**ALCOHOL POLICY**

- Assume all social events are chapter events
  - No such thing as “official” or “unofficial”
- If another group helped plan the event, threw in $ or had 50% of their members attend, then it’s their social event also
- Challenge your members on what is a good social event
- Use good judgment on party themes (pictures will always end up on the internet)
- Social events are for members & invited guests only (not for the entire UPB campus)
- You are responsible for your guests & what they do when returning to campus
  - If you let them in you’re responsible
  - Exits/entrances must be monitored
- No charging “donation” for admission (highly illegal in Pennsylvania)
- No purchasing alcohol with chapter funds
- All social events are BYOB – 12 pack limit
- No providing alcohol in any manner whatsoever
  - No common-source containers
  - No Cases of beer
  - No Bars/handles or alcohol left on counters

- Can happen to anyone, male or female
- Committed by a stranger or by someone you know

- No one deserves to be sexually assaulted, even if they:
  ✓ Trusted someone
  ✓ Was drinking or using drugs
  ✓ Went into someone’s home or dorm room
  ✓ Changed their mind about having sex
  ✓ Did not fight back
**SEXUAL ASSAULT - CONSENT**

- You & your partner both clearly agree to sexual contact
  - kissing, hugging, touching, and other physical contact
- Give—and get—a sober & unpressured “yes” from your partner before engaging in sexual activity
- Only “yes” means “yes”
- The absence of “no” does not mean “yes”
- Consent means actively agreeing to something—saying “Yes”
- Going along with an activity out of fear is not consent
- Being verbally, emotionally, psychologically, or physically pressured or forced into any kind of sexual activity is not consent
- A person can’t give consent if they have been using drugs and/or alcohol
- A person has the right to change his or her mind about consent at any time
SEXUAL ASSAULT REPORTING

- Survivors can choose one, all or none of these options
- University officials will ensure your privacy, maintaining as much confidentiality as possible in order to keep you and the campus community safe
- Anonymous reporting of sexual assault is also possible when contacting any of the offices below

1. File a criminal complaint with Campus Police

2. If the alleged perpetrator is a Pitt-Bradford student, you can file a complaint with Dr. Ron Binder, Associate Dean of Students

3. Sexual assault is a form of sexual harassment. If you believe you have been harassed, or if you believe you have been retaliated against for complaining of sexual assault or harassment or for providing information in an investigation, contact Christy Clark, Title IX Liaison, at 814.362.5121
